第一篇章

美丽云浮

云浮毗邻粤港澳大湾区，紧连沿海经济带，是广州都市圈的重要成员。聚焦园区经济、镇域经济、资源经济“三大抓手”，具备人文、生态、区位、自然资源“四大优势”，拥有禅文化、硫化工、西江水、石材产业、温氏集团、南药产业等“六张名片”，进入新发展阶段，云浮信心满满、底气十足。

Chapter I Attractive Yunfu

Adjacent to the Guangdong-Hong Kong-Macao Greater Bay Area, Yunfu is closely connected to the coastal economic belt, acting as an important member of the Guangzhou metropolitan circle. Yunfu focuses on the "Three Pillars"—park economy, town economy and resource economy, with humanitarian culture, ecological features, location and natural resources as its four advantages. Yunfu capitalizes on its six highlights such as Zen culture, sulfur chemical industry, Xijiang River, stone materials industry, Wens Foodstuff Group and the local medicinal herbs industry. Entering a new stage of development, Yunfu is taking on a new path with confidence and momentum.

THREE PILLARS 三大抓手

园区经济立足“长期”，镇域经济聚焦“中期”，资源经济着眼“短期”。园区经济、镇域经济、资源经济“三大抓手”是一个内在关联、相互支撑的有机整体，是解决云浮当前问题的一套治标又治本的组合拳，兼顾了长、中、短期发展的需要。

The park economy is based on long-term development, the town economy is focused on medium-term development, and the resource economy is focused on short-term development. The development pattern of park economy, town economy and resource economy is an organic whole that is intrinsically linked and mutually supported, which is an effective way to solve the current problems of Yunfu, taking into account the needs of long-term, medium-term and short-term development.

▶ 园区经济 ◀

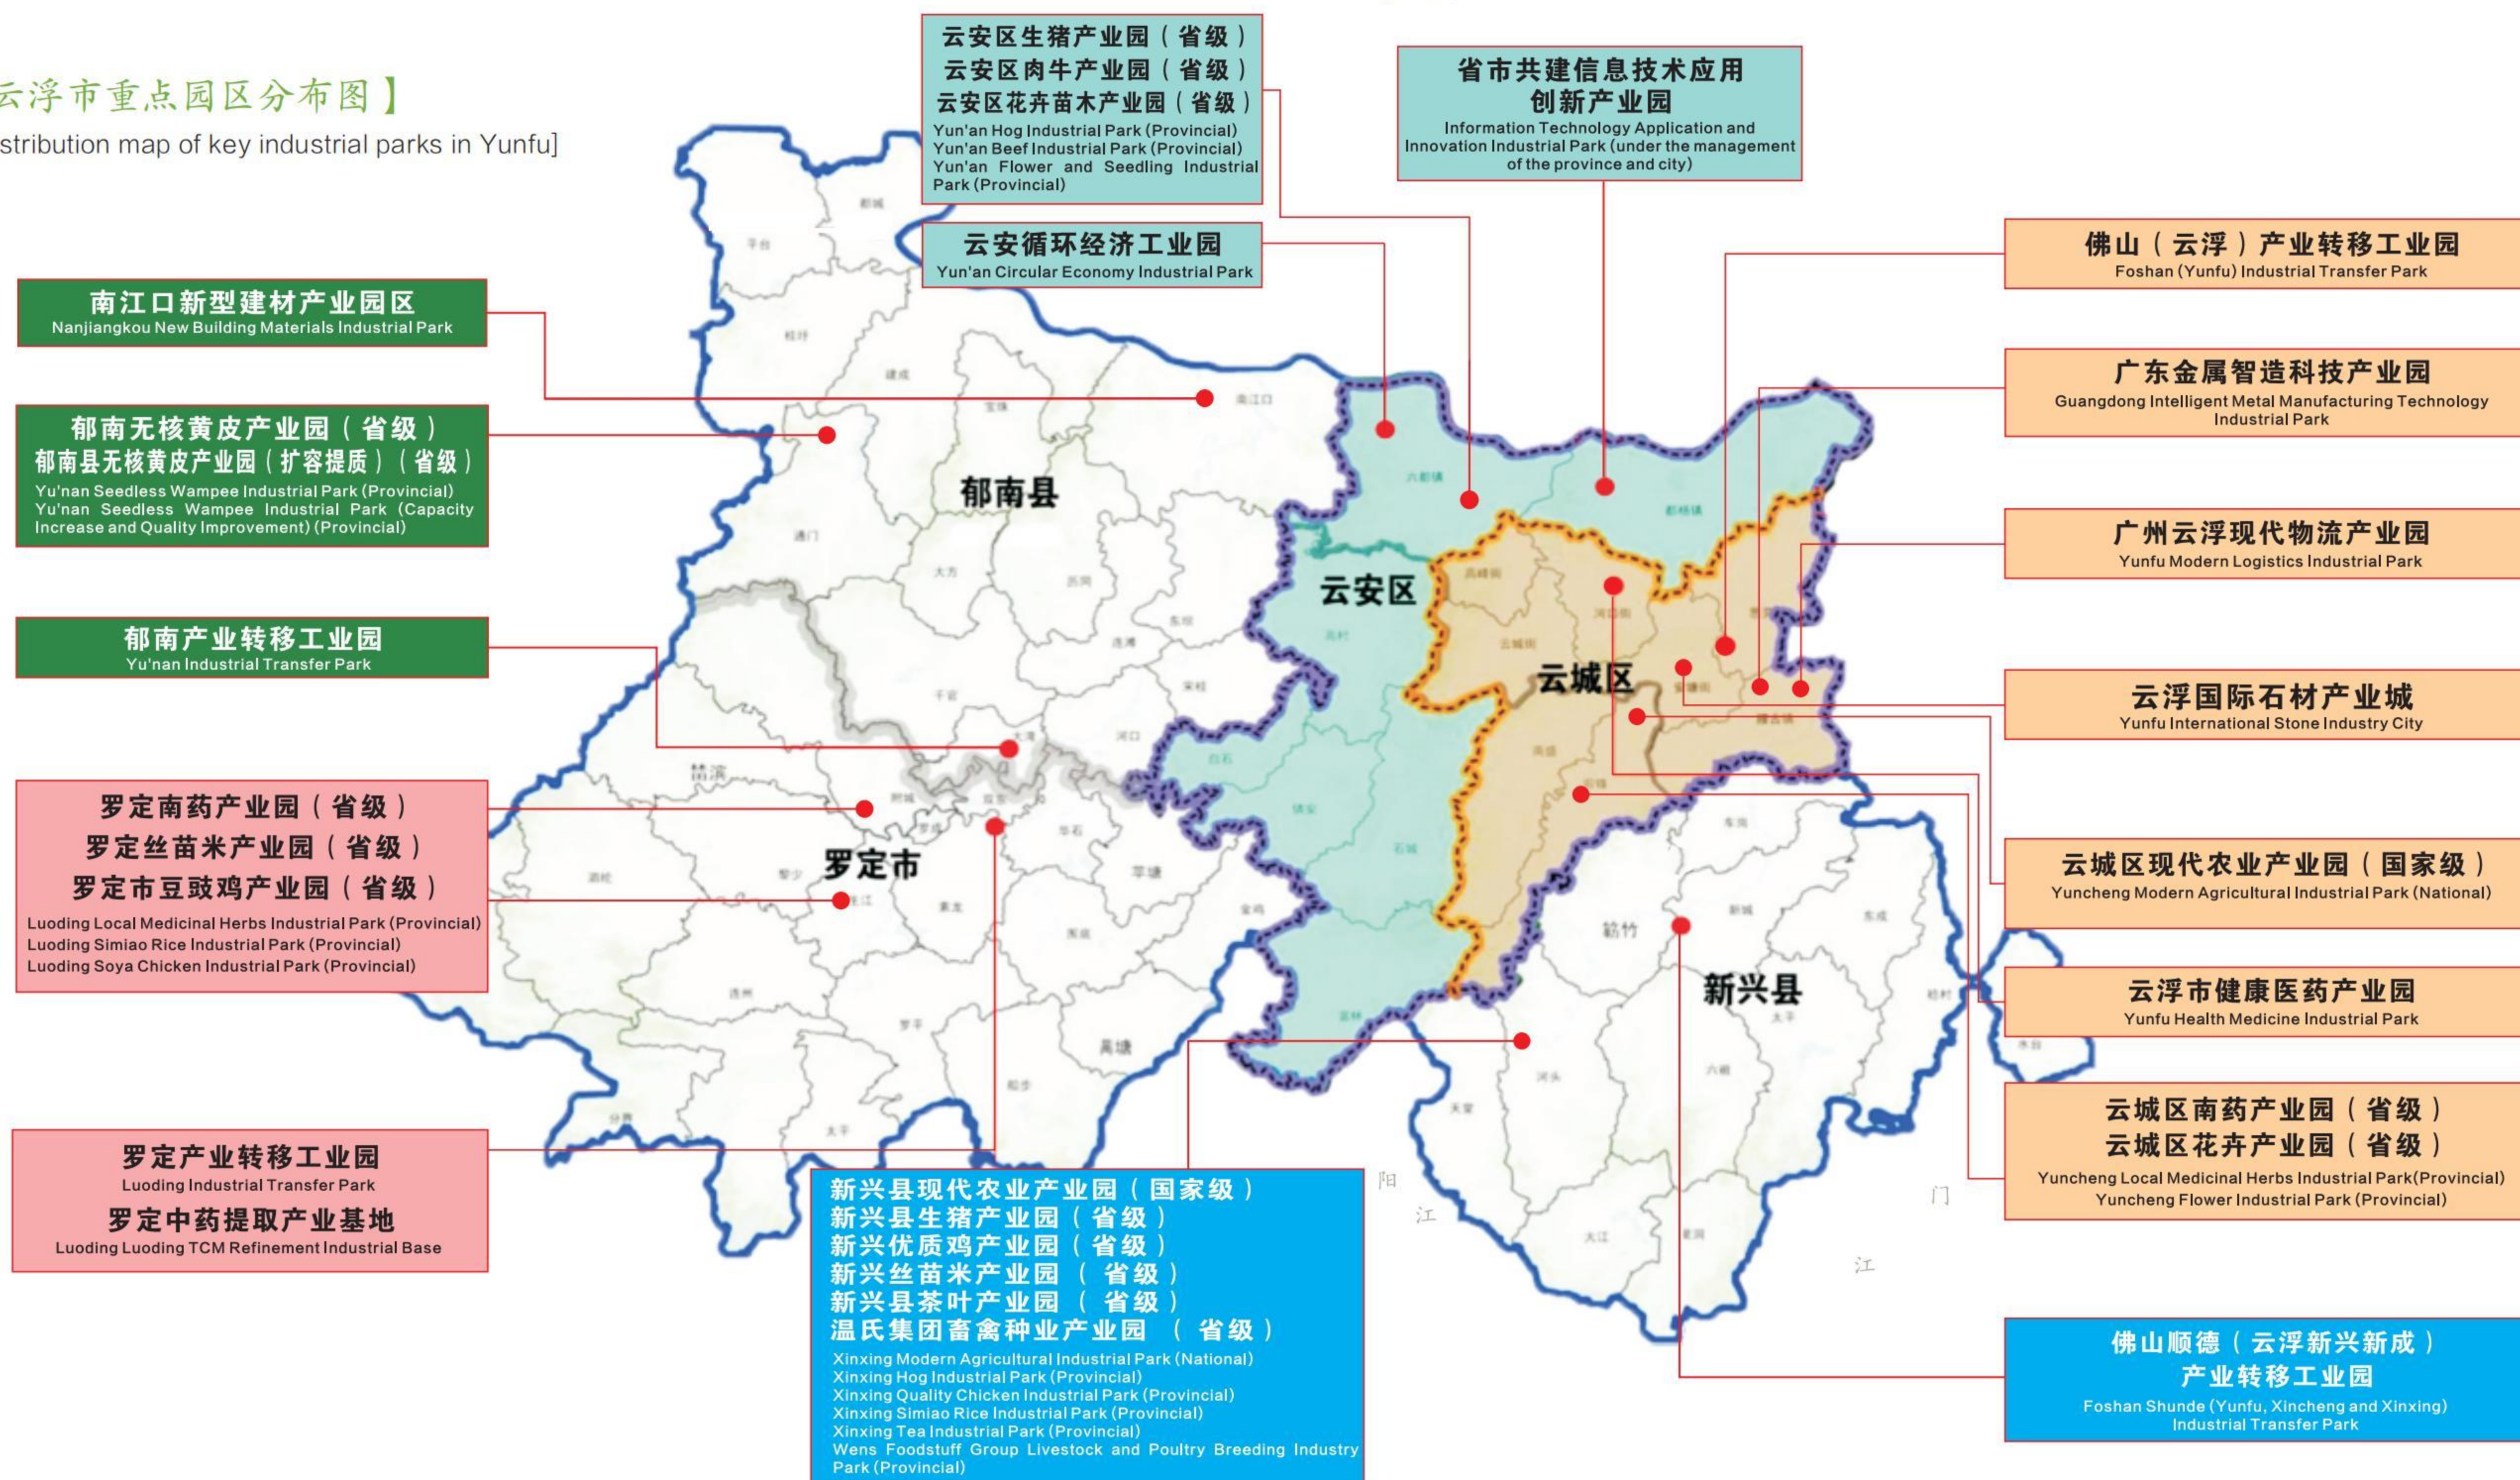

园区经济是企业集中、产业集聚、资源集约的一种实体经济发展模式，是推动县域经济提质增效的重要手段，必须坚持“工业立市”不动摇。着眼长远大力发展园区经济，进一步推进云浮新型工业化发展，全面促进产业结构转型升级，加快推动县域经济提质增效。云浮产业园区建设成熟，建有5个省级产业转移工业园，以及云浮市健康医药产业园、郁南大湾化工园、云安绿色日化产业集聚区等一批特色专业园区，总规划面积20多万亩。

【云浮市重点园区分布图】

[Distribution map of key industrial parks in Yunfu]

PARK ECONOMY

Park economy is a real economic development model of enterprise concentration, industrial clustering, and resource integration, as well as an important means to promote the quality and efficiency of the county economy. Thus, it must adhere to the industrial development. Yunfu focuses on long-term vigorous development of park economy, further promotes the development of new industrialization, and comprehensively promotes industrial structure transformation and upgrading, accelerating the promotion of county economy quality and efficiency. The construction of industrial parks in Yunfu is mature, with five provincial-level industrial transfer parks, as well as a number of special professional parks such as Yunfu Health Medicine Industrial Park, Yu'nán Dawan Chemical Park and Yun'an Green Daily Chemical Industry Cluster, with a total planning area of more than 200,000 mu (1 mu is equal to approximately 666.67 square meters).

► 镇域经济 ◀

镇域经济是建制镇行政区域内，集农、工、商、游于一体的多元化、特色化产业发展模式。着眼中短期大力发展镇域经济，全面激发基层干部干事创业的精气神，充分调动镇、村积极性，带动集体经济发展、推动农民共同富裕，实现巩固拓展脱贫攻坚成果同乡村振兴有效衔接，推动基层治理体系和治理能力现代化。

TOWN ECONOMY

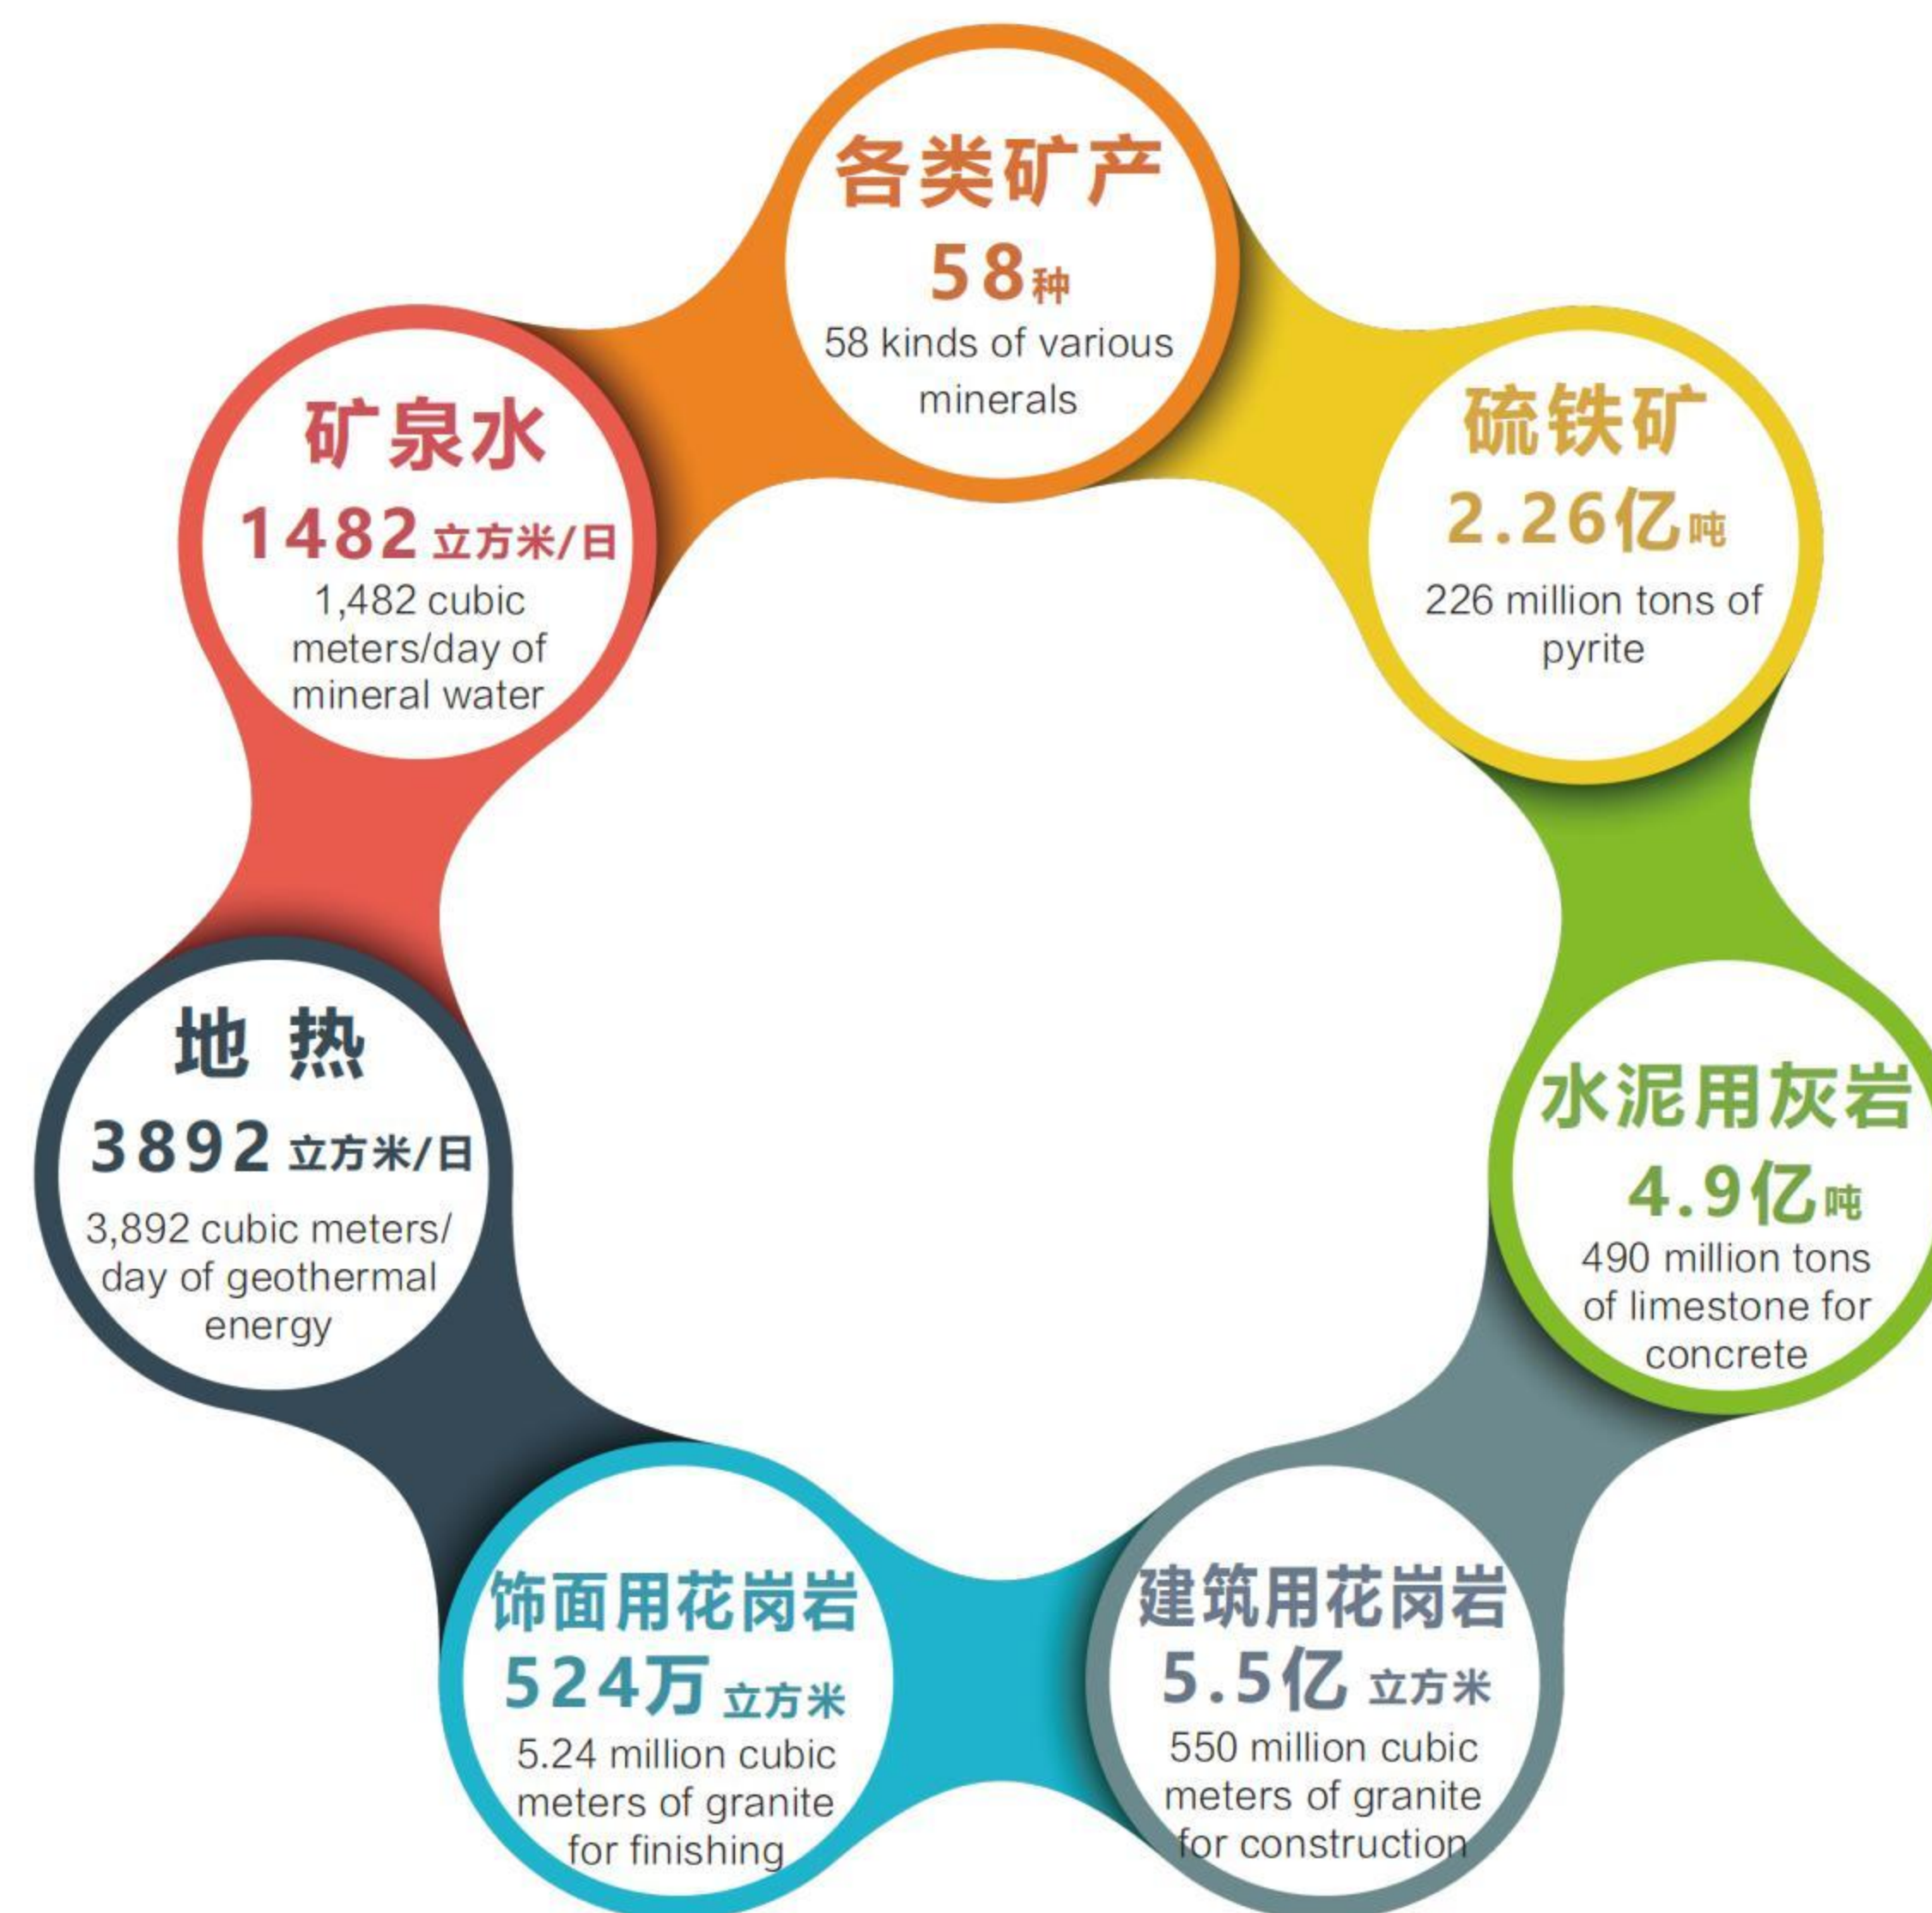

Town economy is a diversified and characteristic industrial development model integrating agriculture, industry, commerce and tourism in the administrative area of the established towns. Yunfu focuses on short-term vigorous development of the town economy, fully stimulates the entrepreneurial spirit of grass-roots cadres, fully mobilizes the enthusiasm of the towns and villages to drive collective economic development, promote common prosperity of farmers, achieve the consolidation and expansion of the results of poverty alleviation and rural revitalization, and promote the modernization of grass-roots governance system and governance capacity.

► 资源经济 ◀

资源经济是推动自然资源资产价值化的产业发展模式，是打通“绿水青山”向“金山银山”转化的基本路径，是满足云浮人民对美好生活的迫切需要的有效手段。

RESOURCE ECONOMY

Resource economy is an industrial development model to promote the value of natural resource assets, a basic path to coordinate environmental protection and economic development, and an effective means to meet the urgent needs of the people of Yunfu for a better life.

FOUR MAJOR ADVANTAGES 四大优势

地处广东北部生态发展区，毗邻粤港澳大湾区，云浮市紧连沿海经济带，具备人文、生态、区位、自然资源“四大优势”。

Located in the Northern Guangdong Ecological Development Area and adjacent to the Guangdong-Hong Kong-Macao Greater Bay Area, Yunfu City is closely connected to the coastal economic belt, with humanitarian culture, ecological feature, location, and natural resources as its four advantages.

罗定金银河水库

► 人文优势 ◀

云浮，人杰地灵，历史悠久。云浮郁南县磨刀山遗址的发现，将本地区人类活动的历史由距今13万年左右提前至60-80万年前。以历史悠久石材工艺为特点的石艺文化、以禅宗六祖惠能和谐思想为特色的禅宗文化、以民间艺术和风俗民情为亮点的南江文化等独特本土文化形态，异彩纷呈，影响久远。近代以来，在邓发、蔡廷锴、梁桂华等老一辈革命先辈的精神洗礼中，焕发出“诚信、包容、实干”的云浮精神。

HUMANITARIAN ADVANTAGE

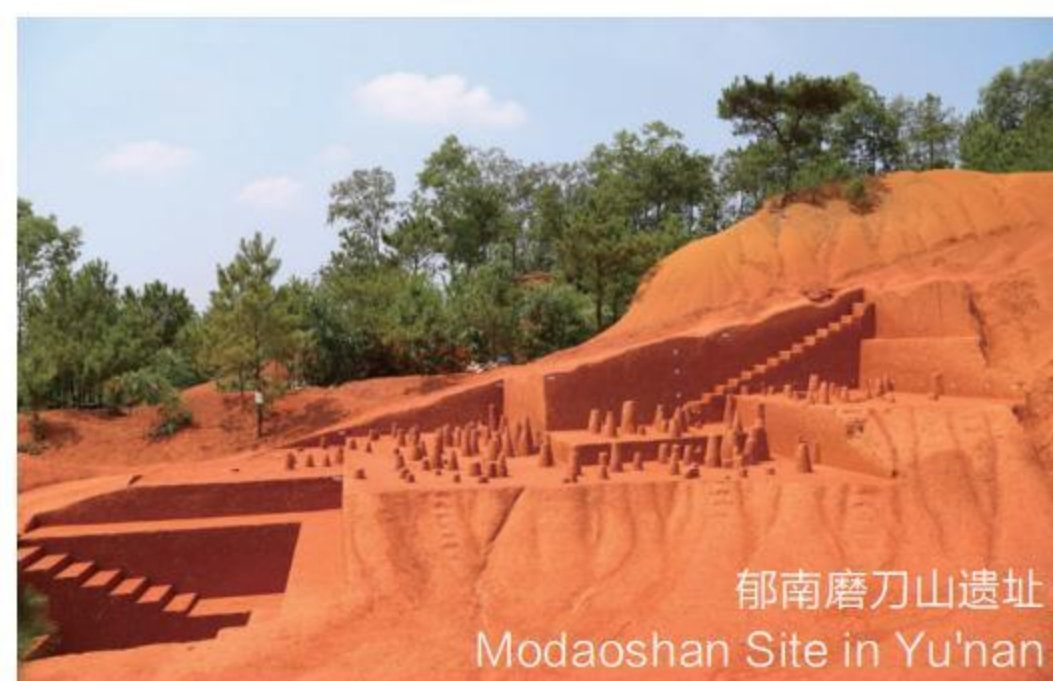

Yunfu has been home to many outstanding figures with a profound history. The discovery of the Modaoshan site in Yu'nan County brought forward the history of the earliest Homo erectus activities in this region from approximately 130,000 years ago to 600,000-800,000 years ago. The unique local cultural forms, such as stone art culture characterized by historical stone craftsmanship, Zen culture featuring the harmonious thoughts of Sixth Patriarch of Zen Buddhism, Huineng, and Nanjiang culture highlighted by folk art and customs and folklore, are marvelous in their features, producing a long-lasting influence. In recent times, with the spiritual influence of Deng Fa, Cai Tingkai, Liang Guihua and other revolutionary forefathers, Yunfu refined the city spirit of "integrity, tolerance, and practical work".

► 生态优势 ◀

绿色是云浮最深厚的底色，生态是云浮高质量发展的核心优势。作为国家园林城市，云浮森林覆盖率达到68.33%，连续两年蝉联北部生态区“绿色发展”指数第1名；西江云浮段常年保持Ⅱ类水以上，西江水环境质量连续3年位列全省第一，“生态云浮”建设不断擦亮新成色。

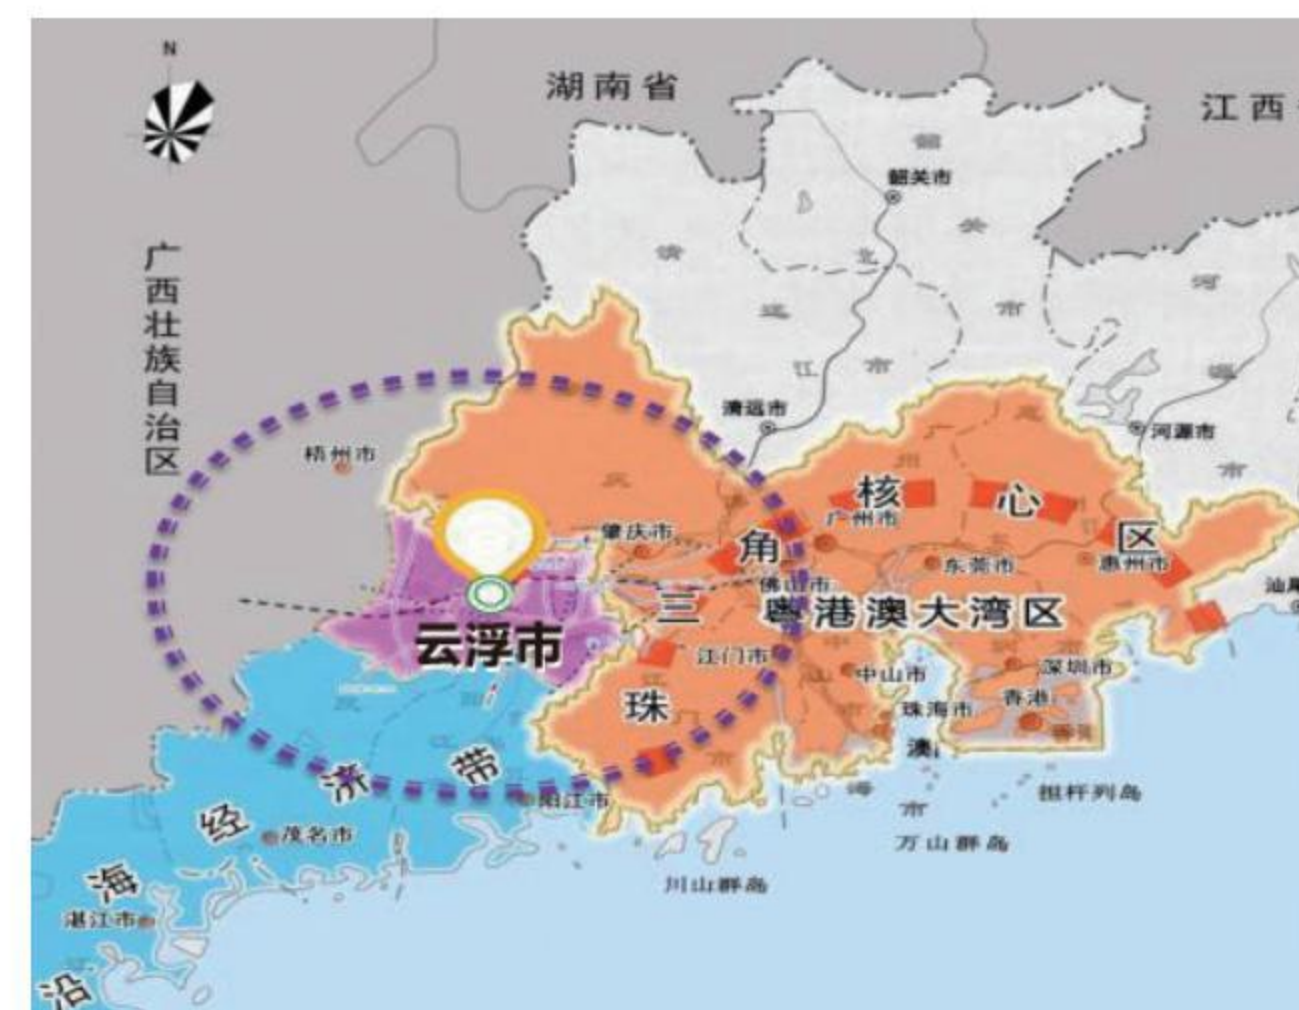

ECOLOGICAL ADVANTAGE

Green is the representative color of Yunfu, and ecology is the core advantage of Yunfu's high-quality development. As a national garden city, Yunfu boasts a forest coverage rate of 68.33%, and has been ranked the first place in the Green Development Index of the Northern Ecological Area for two consecutive years. The Yunfu section of Xijiang River has been classified as Class II water or above in many years. The environmental quality of Xijiang River ranked first in the province for three consecutive years. "Ecological Yunfu" construction continues to achieve new results.

► 区位优势 ◀

云浮，位于广东省中西部，东接珠三角，西靠桂东南，北连西江，地处北部生态发展区、毗邻珠三角核心区、紧连沿海经济带，是联通粤港澳大湾区与大西南的枢纽门户。云浮交通便捷，有广昆、深罗、罗岑、罗阳、汕湛高速，324国道、西江黄金水道贯穿云浮全境。西江云浮段常年通航能力达3000吨以上。云浮新港是广东内河第一大港。南广高铁云浮东站至广州南站1小时，到深圳站1.5小时。

LOCATION ADVANTAGE

Yunfu is located in the central and western part of Guangdong Province, with the Pearl River Delta to its east, southeastern Guangxi to its west, and the Xijiang River to its north. Yunfu is located in the Northern Ecological Development Area, adjacent to the core area of the Pearl River Delta, and close to the coastal economic belt, and acts as the link between Guangdong-Hong Kong-Macao Greater Bay Area and southwestern China. Yunfu has a convenient transportation network, with Guangzhou-Kunming Expressway, Shenzhen-Luoding Expressway, Cenxi-Luoding Expressway, Luoding-Yangchun Expressway, and Shantou-Zhanjiang Expressway. G324 and Xijiang River waterway run through the whole territory of Yunfu. The year-round navigable capacity of the Yunfu section of the Xijiang River reaches more than 3,000 tons. Yunfu New Port is the largest inland river port in Guangdong. It takes only one hour from Yunfu East Railway Station to Guangzhou South Railway Station through Nanning-Guangzhou Railway, and only 1.5 hours to Shenzhen Railway Station.

► 资源优势 ◀

矿产资源：云浮已发现各类矿产58种，矿产地300余处，优势矿产储量丰富，高达850亿立方米。

水资源：西江流经云浮境内110公里，年过境容量高达2235亿立方米。

光伏资源：云浮每年有效日照时间长，可用于发展光伏的城镇屋顶、水面、农田、宜林地等面积广袤，开发利用前景可观。

森林资源：全市林地面积51.67万公顷（775.08万亩），森林覆盖率68.33%。

RESOURCE ADVANTAGE

Mineral resources: Yunfu has found 58 kinds of minerals, more than 300 mineral production areas, and rich reserves of advantageous minerals, up to 85 billion cubic meters.

Water resources: Xijiang River flows 110 kilometers through the territory of Yunfu, with an annual transit capacity of 223.5 billion cubic meters.

Photovoltaic resources: Yunfu has long effective sunshine hours every year, and the area of town roof, water surface, farmland and forestable land that can be used for photovoltaic development is vast, with considerable prospects for development and utilization.

Forest resources: Yunfu's forest land area reaches 516,700 hectares (or 7,750,800 mu), with a forest coverage rate of 68.33%.

► 禅文化 ◀

云浮市新兴县是禅宗六祖惠能大师的出生、成长、弘法和圆寂之地，是《六祖坛经》的完成地，是禅文化的发祥地之一，素有“岭南第一圣域”之称。

ZEN CULTURE

Xinxing County of Yunfu City is the place where the Sixth Patriarch of Zen Buddhism, Master Hui Neng, was born, grew up, taught and passed away. It, known as the "First Holy Land of Lingnan", is also the place where the *Platform Sutra of the Sixth Patriarch* was completed, and one of the birthplaces of Zen culture.

► 石材产业 ◀

云浮石材加工历史悠久，早在明朝嘉靖年间就有石材加工作坊，素有“石都”之称，境内一条长达50多公里的“百里石材走廊”，在全世界非常罕有，闻名海外。云浮是中国三大石材产业基地之一、中国石材基地中心、中国石材流通示范基地、中国人造石之都、中国民间文化（石雕）艺术之乡。

STONE INDUSTRY

Yunfu's stone processing has a long history. As early as the Jiaping era of Ming Dynasty (1522-1566), there were stone processing workshops in Yunfu, which was known as the "Stone Capital". There is a stone corridor with a length of more than 50 kilometers in Yunfu that is rarely seen in the world. Yunfu is one of the three major stone industry bases in China, and is the center of China's stone base, the demonstration base of China's stone circulation, the capital of China's artificial stone and the hometown of Chinese stone carving art.

WENS FOODSTUFF GROUP

Founded in 1983, Wens Foodstuff Group has developed into an inter-regional modern agriculture and animal husbandry group with livestock and poultry breeding as the main business. Wens Foodstuff Group is one of the top 500 Chinese enterprises, a national key leading enterprise in agricultural industrialization, and a national innovative enterprise.

▶ 南药产业 ◀

云浮南药资源丰富，境内有肉桂、巴戟、无患子等药用植物163科670多种，其中国家一级保护植物及珍稀濒危植物4种。目前，全市南药种植面积约120万亩，其中肉桂86.5万亩，巴戟天3.47万亩。近年来，云浮市加快推进“广东省现代特色南药试验区”建设，着力打造生物医药集群。

LOCAL MEDICINAL HERBS INDUSTRY

Yunfu is rich in medicinal resources. There are 163 families and more than 670 kinds of medicinal plants such as cinnamon, morinda officinalis and sapindus saponaria in the territory, including four kinds of national-level protected plants and rare and endangered plants. At present, the city's local medicinal herbs planting area reaches approximately 1.2 million mu, including 865,000 mu of cinnamon and 34,700 mu of morinda officinalis. In recent years, Yunfu has been speeding up the construction of "modern local medicinal herbs pilot area in Guangdong Province", focusing on building biomedical clusters.

第二篇章

青春云浮

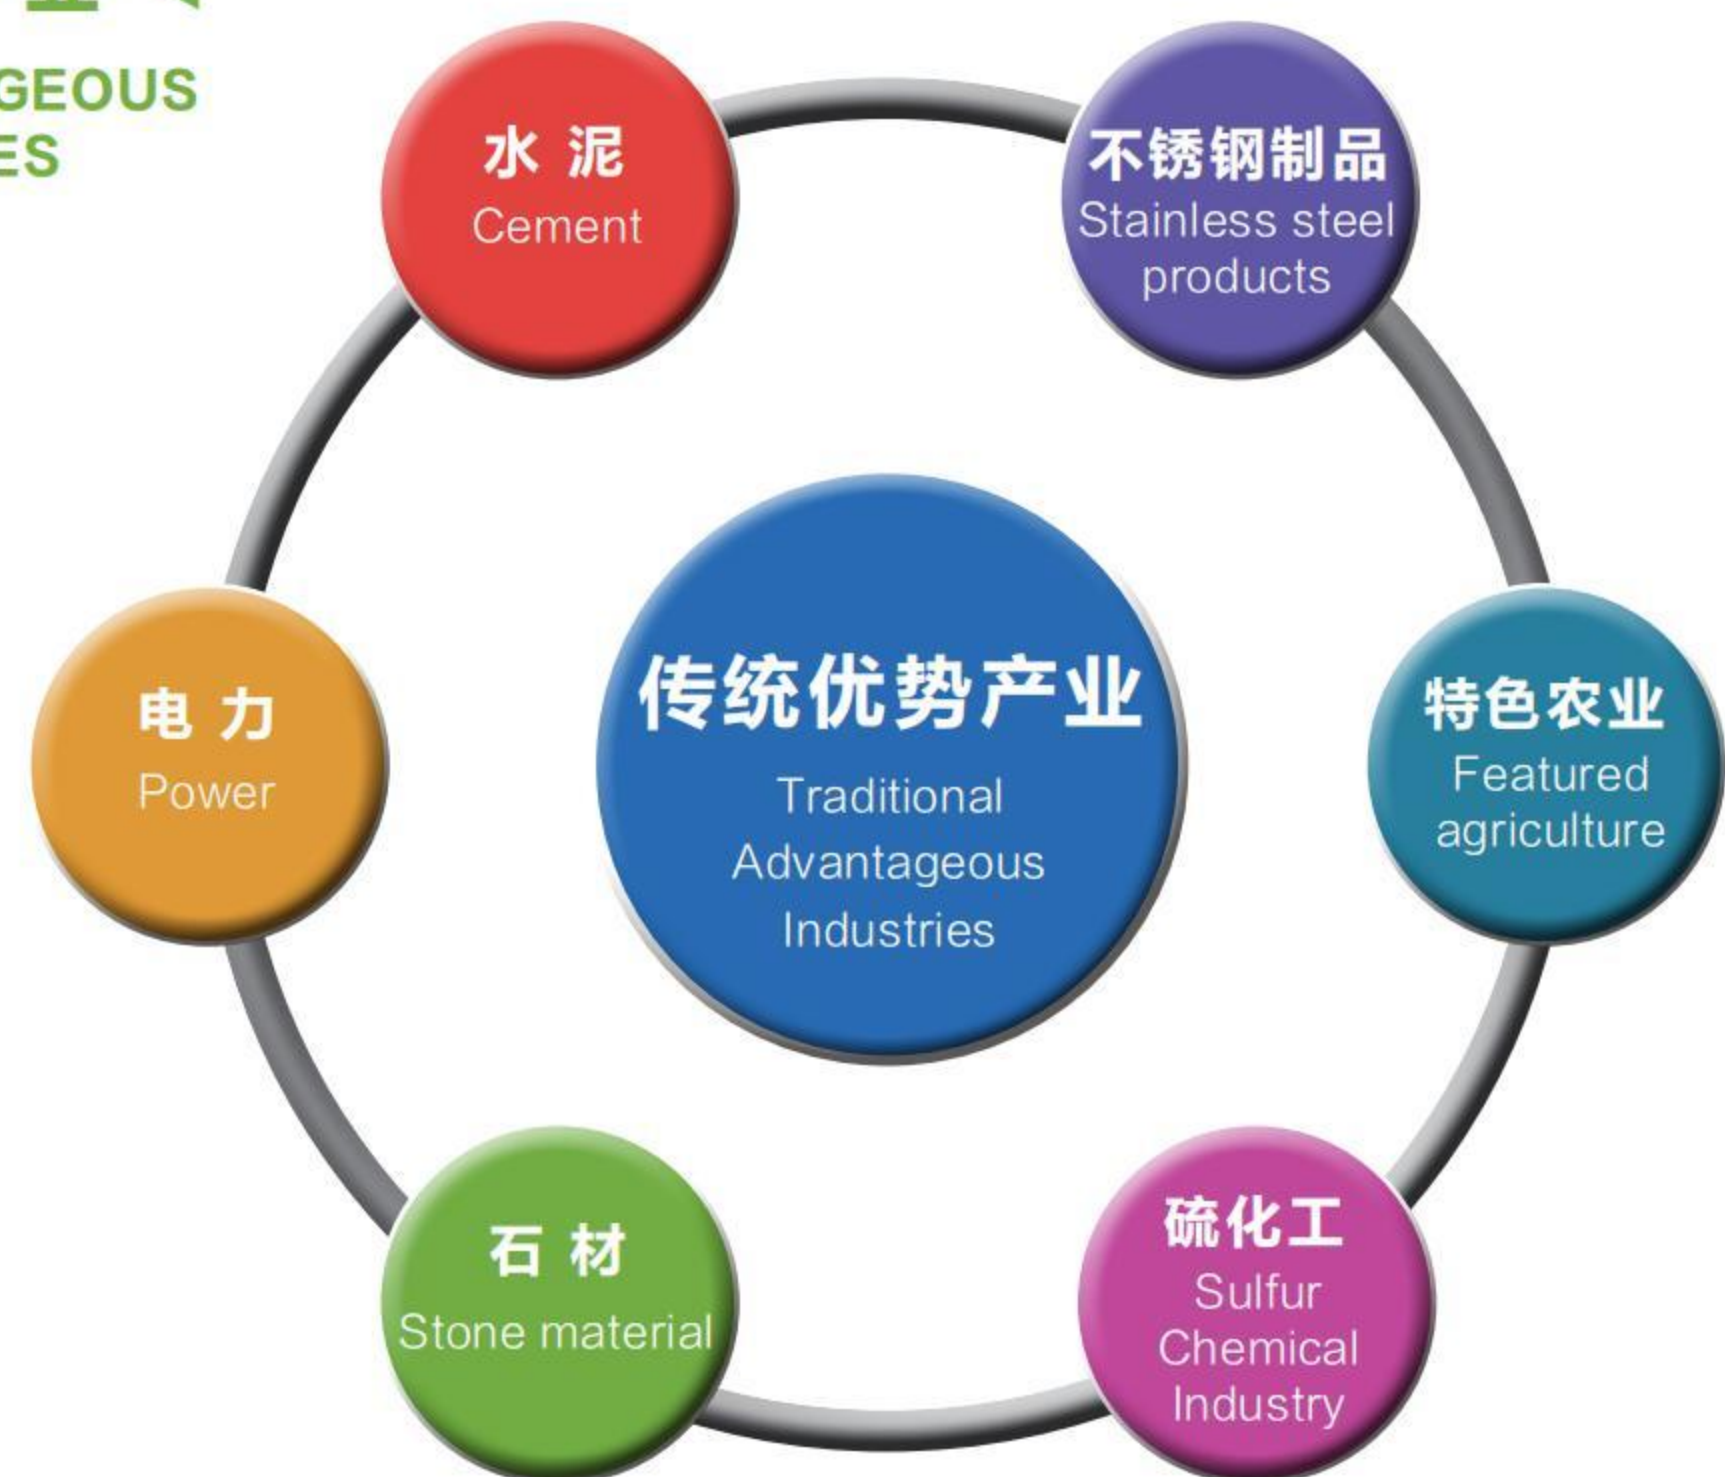

作为广东最年轻的地级市，于1994年始建地级市的云浮是当之无愧的青春之城。站在新的历史起点，云浮立足实际，布局发展金属智造、信创产业、氢能源、生物医药、现代农业、文旅产业、现代物流、石材、硫化工、清洁能源等“十大园区产业”，大力推动园区经济扩容提质。坚定不移发展金属智造、绿色建材、现代农业三个千亿产业集群，梯次培育精细化工、大健康等百亿特色产业集群，加快构建以制造业为核心的现代产业体系。

Chapter II Youthful Yunfu

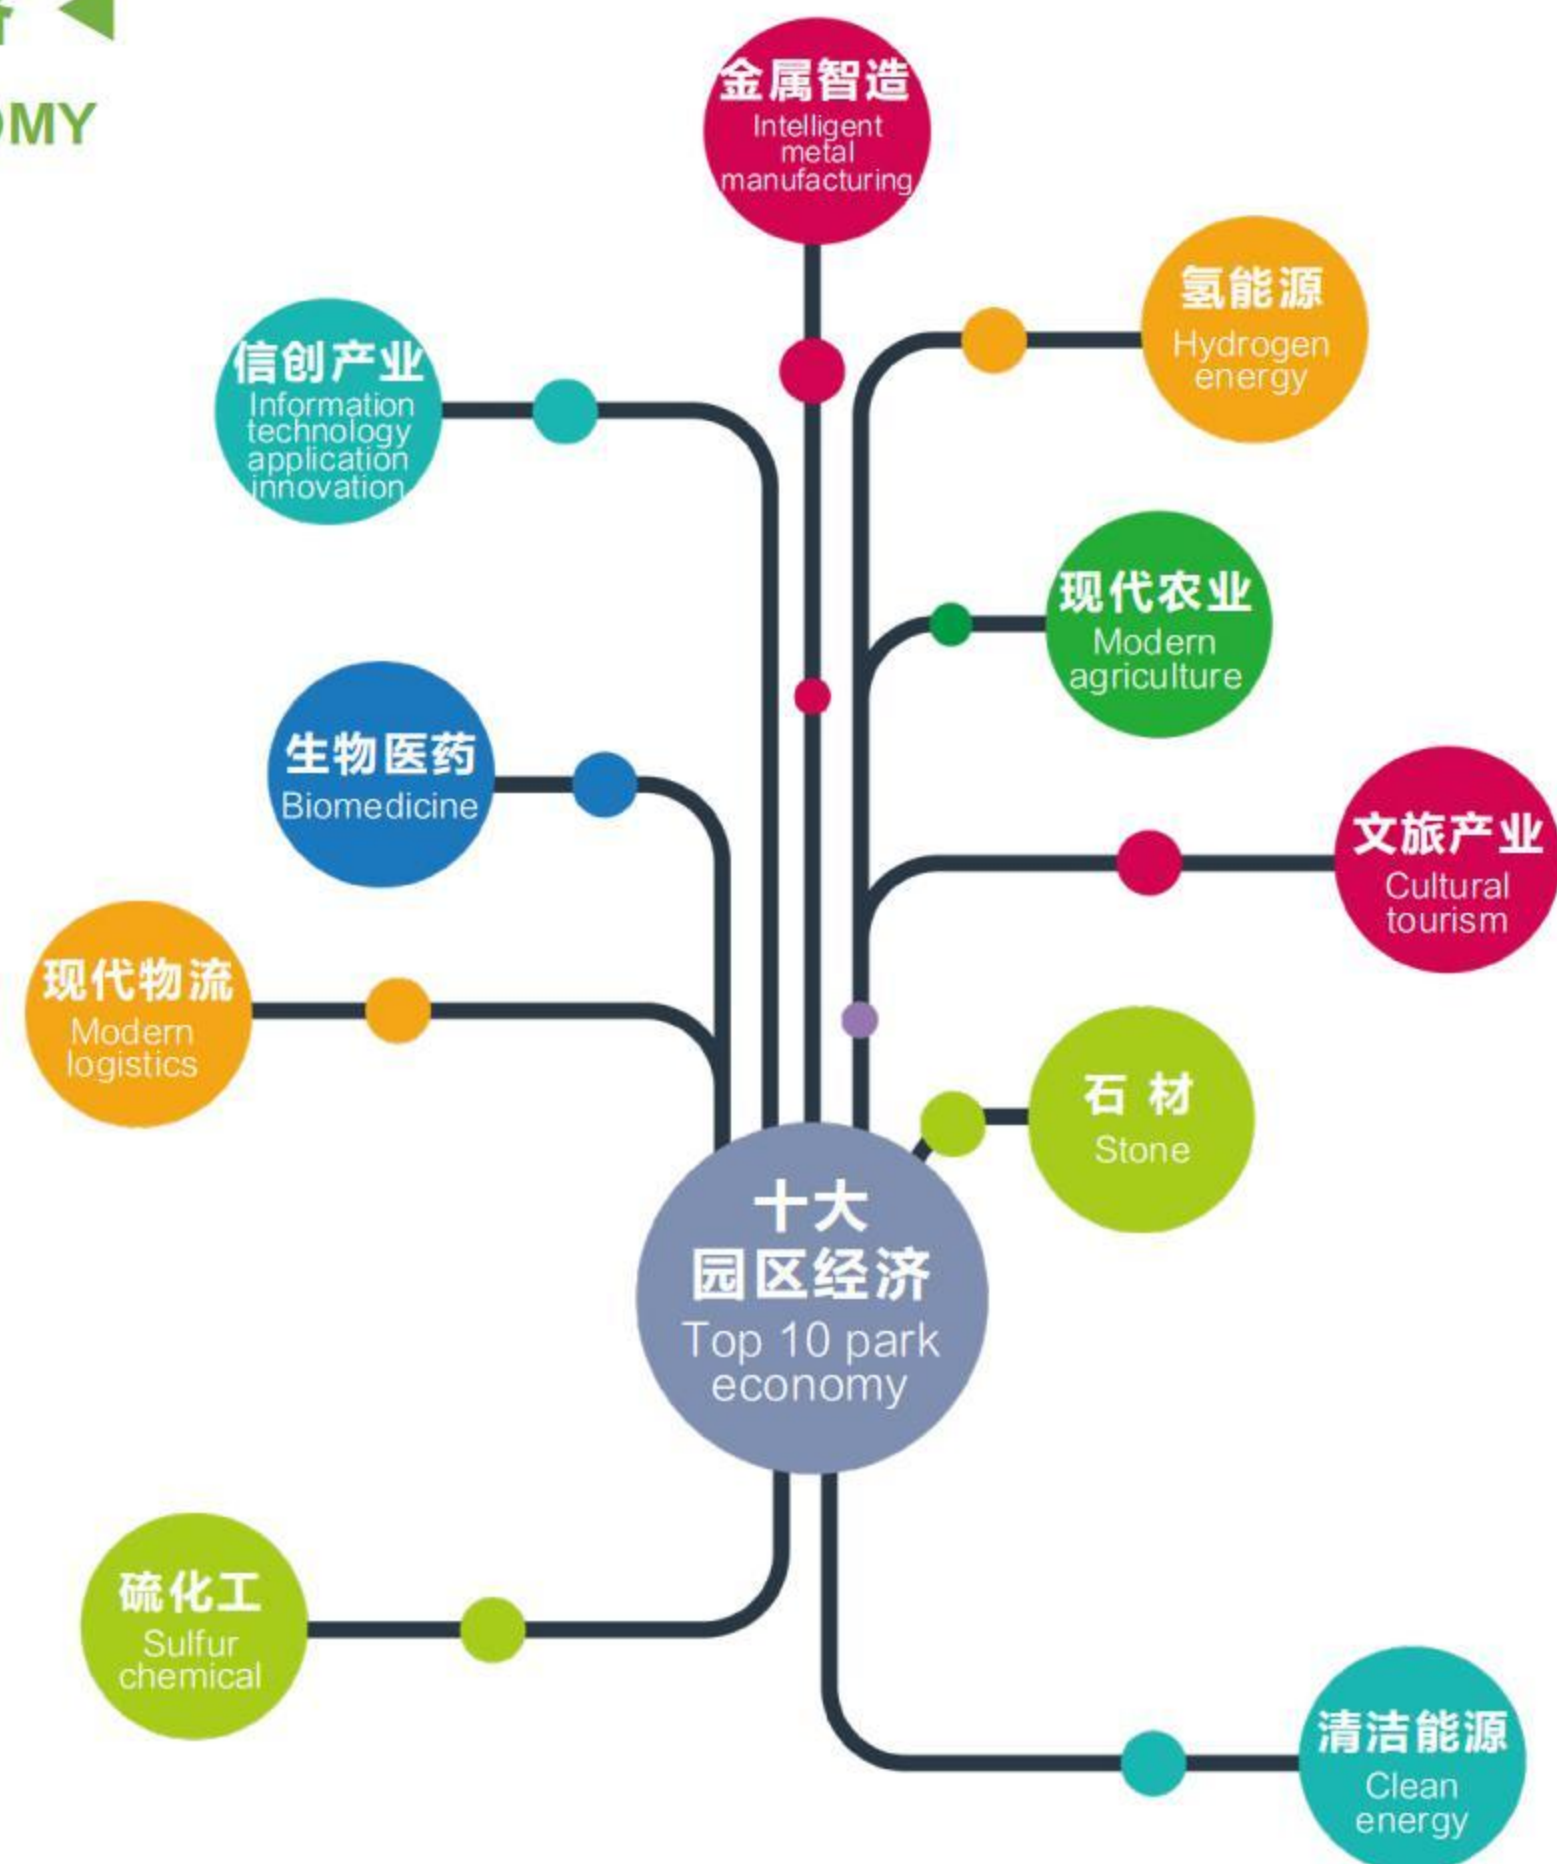

As the youngest prefecture-level city in Guangdong, Yunfu, which was founded as a prefecture-level city in 1994, is a definitely a city of youth. Standing at the new historical starting point, Yunfu City focuses on the development of intelligent metal manufacturing, information technology application innovation, hydrogen energy, biomedicine, modern agriculture, cultural tourism, modern logistics, stone industry, sulfur chemical, and clean energy, vigorously promoting the park capacity increase and quality improvement. Yunfu is firmly developing three 100-billion-grade industrial clusters of intelligent metal manufacturing, green building materials and modern agriculture, gradually cultivating 10-billion-grade industrial clusters of fine chemicals and mega health, and accelerating the construction of a modern industrial system with manufacturing as the core.

INTELLIGENT METAL MANUFACTURING
金属智造

广东金晟兰冶金科技有限公司、广东南方东海钢铁有限公司两家短流程钢铁企业已落户云浮，设计年产能1520万吨。同时，万洋众创城进驻云浮市云城区，将打造金属智造上下游产业链聚集平台。为此，云浮也获批“广东金属智造科技产业园”牌子，规划面积3万多亩，全力培育千亿级金属智造产业集群。

Two short-process steel enterprises, Guangdong Jinshenglan Metallurgical Technology Co., Ltd. and Guangdong Nanfang Donghai Iron and Steel Co., Ltd., have settled in Yunfu. They possess a designed annual capacity of 15.2 million tons in total. Meanwhile, Wanyang Zhongchuang City will settle in Yuncheng District, Yunfu City, and will build a platform for gathering the upstream and downstream industry chains of intelligent metal manufacturing. To this end, Yunfu was also named the Guangdong Intelligent Metal Manufacturing Technology Industrial Park, planning an area of more than 30,000 mu, and making every effort to cultivate a 100-billion-grade intelligent metal industry cluster.

INFORMATION TECHNOLOGY APPLICATION INNOVATION

信创产业

2015年起，云浮承担了“核高基”10-1课题，成为了全国政务外网国产化办公设备替换程度最高、应用规模最大、应用成效最好的城市之一。2019年，广东省工信厅授予云浮“省市共建信息技术应用创新产业园”牌子。园区规划总面积1万亩，目前已聚集同方、微容、风华高科、翔海等26家信创上下游企业。

Since 2015, Yunfu has undertaken the "core electronic devices, high-end general-purpose chips and basic software products" 10-1 project, which has made it one of the cities with the highest degree of replacement of localized office equipment, the largest application scale and the best application results in the national government external network. In 2019, the Department of Industry and Information Technology of Guangdong Province granted Yunfu the title of Information Technology Application and Innovation Industrial Park (under the management of the province and city). With a total planning area of 10,000 mu, the park has already gathered 26 upstream and downstream enterprises of information technology application innovation, such as Tongfang, Viyong, Fenghua Advanced Technology and Xianghai.
